Shawn Lane

Yellville

The Honorable Bernadette Chamberlain
Mayor of Austin
P.O. Box 129
Austin, Arkansas 72007

Dear Mayor Chamberlain,

I am pleased to inform you that the State Aid Street Committee has approved your request for a project to overlay Hudson Branch Drive, Crystal Lake Drive, and Waterside Court in the City of Austin. The project is approved for the \$250,000 of State Aid City Street funds, which is the maximum amount allowed by the Committee's adopted rules for an overlay project.

State Law requires that the Arkansas State Highway and Transportation Department oversees the construction contract for City Street projects including contract procurement and construction management. Before advertising for construction bids, the Department will mail you a copy of the construction plans with a sample resolution for your City Council to pass supporting the project. If you have any questions about the construction contract, please contact the Department's State Aid Division at (501) 569-2346.

Sincerely,

A handwritten signature in cursive script that reads "Harold Perrin".

Harold Perrin
Chairman
